

REMARKS

The claims have now been reviewed and amended to conform to U.S. practice, and a new claim has been added. The specification has been amended to provide headings, to identify the international application, of which this case is the U.S. national stage, and to make reference to the German application to which priority is claimed. The Abstract has also been amended. No new matter has been added.

In view of the above, each of the presently pending claims in this application is believed to be in immediate condition for allowance. Accordingly, the Examiner is respectfully requested to pass this application to issue.

Dated: May 4, 2005

Respectfully submitted,
